

Hainault House

Redbridge

Client: Stonebond Estates Ltd.

The site forms a part of a wider parcel of land. AM-P submitted detailed representations on the Local Plan and successfully secured the 'release' of the site from the Green Belt. The site will now form part of a major regeneration scheme, bringing significant benefits to the wider borough. AM-P are currently working with the Council and other landowners to comprehensively masterplan the wider site area, to deliver approximately 1,500 new homes, new school and new community and sports facilities.
